

Development of Manual for Enhanced Service Life of ABC Projects

Description

Meta Fields

Category : Ongoing Projects

Group : Design Specifications

Subject : Enhancement of Service Life, Durability

Abstract : The nationwide application of ABC in bridge design and construction is at its early stages. Nevertheless, a few ABC projects are decades old, and the number of ABC projects is rapidly increasing. It is essential to observe the performance of ABC projects in service, at the national level, and develop a manual that assists designers and owners in best design, construction and maintenance practices that are capable of enhancing service life of ABC bridges.

Key Words : Durability, service life

Specific Abc Aspect : Durability of ABC projects

Budget : 0.00

Project Length : 36
